Note: Parts content does not include final assembly, distribution, or other non-parts costs.

This vehicle is equipped with a front bumper that has been tested at an impact speed of * mph and a rear bumper that has been tested at an impact speed of * mph, and has sustained no damage to the vehicle's body and minimal damage to the bumper and attachment hardware. Minimal damage to damage that can be repaired with the use of common repair materials and without replacing any parts. The stronger the bumper, the less likely the repair after a low speed collision. *Not tested to specifics of N.Y.Law

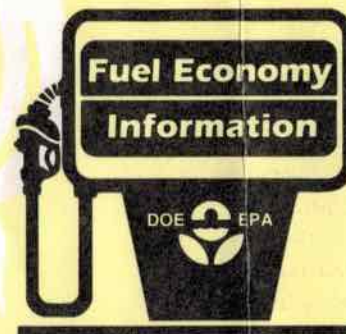

However, this vehicle is equipped with a bumper system that, under federal bumper standard test conditions and procedures, can withstand a front impact speed of 2.5 mph and a rear impact speed of 2.5 mph with no more damage than allowed by federal bumper standard.

Compare this vehicle to others in the **FREE GAS MILEAGE GUIDE** available at the

City MPG
10

Actual Mileage will vary with options, driving conditions, driving habits and vehicle's condition. Results reported to EPA indicate that the majority of vehicles with these estimates will achieve between

8 and 12 mpg in the city, and between 13 and 19 mpg on the highway.
